Messenger Interior

Messenger Interior gives you a complete signage system that fits perfectly with most environments. With more than 50 standard sized panels, the range includes everything from table stands to monoliths. And if a standard sized doesn't meet your needs, we'll produce one that does. You can combine the sign panels with electronic displays that can be updated manually or automatically when, for example, an employee leaves for a meeting.

Features

- Panels heat painted in the desired colour
- Wording applied with cut-out vinyl, print on film and print on panel
- Option for raised text and logos
- Available with paperflex: Print on paper and place behind transparent front
